

### Chamberlain's Colic and Diarrhoea Remedy.

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of the family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.

Albin DuBerry of Fort Riley, spent Sunday in Lexington.

Mr. and Mrs. James Reynolds and Mr. and Mrs. Mason Fry of near Odessa, and Mr. and Mrs. Jack Fry of Montana, spent Sunday with Mr. and Mrs. Shipman, in this city.

Col. A. A. Walker returned Monday to his home in Sedalia, after a visit here with Mr. and Mrs. E. N. Hopkins.

### Are You One of Them?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a week or disorder of stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

Mrs. Luther Marshall went to Kansas City Monday for a visit.

Gustav Haerle went to Kansas City Monday on business. He was accompanied by his little daughter.

William Welsh, Jr., went to Kansas City Sunday evening for a visit.

### Cause of Despondency.

Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels.

Mr. and Mrs. Lloyd Hausam returned to their home in Kansas City Sunday evening after a visit here with Mr. Hausam's parents.

Miss Mildred Sydnor of Higginsville, arrived Monday for a visit with her brother, J. W. Sydnor.

Miss Ruth Craig spent Sunday in Higginsville.

Mr. and Mrs. Charles Weber left Sunday morning for a visit in St. Louis.

### Doing Good.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John F. Jantzen, Delemany, Sask., says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being an exceptionally fine preparation."

Mrs. C. E. Johnson and two children returned Sunday morning to their home in Blackburn, after a visit here with relatives.

Mr. and Mrs. M. N. Forsha and son, Martin, returned Sunday morning to their home in Wellington after a brief visit in Lexington.

When you have Backache the liver or kidneys are sure to be out of gear. Try Sanol, it does wonders for the liver, kidneys and bladder. A trial 35c bottle will convince you. Get it at the drug store. Adv.

## LOSE STATE NAMES

When National Guards Become Federalized Regiments Will be Known by Numbers.

### TO KEEP COMPETENT OFFICERS

Regular Army Officers to Hold All Commands Higher Than Brigadier—May Be Exceptions.

Washington, July 18.—The Missouri and Kansas National Guard will soon lose their identity as state organizations. When it is drafted on August 5 into federal service under the provisions of the National Defense Act, subject to duty at home or abroad, it will not be known as the Missouri or Kansas National Guard, but as a numbered division, composed of units known by numbers ranging between "One Hundred and First Regiment, United States," and "Three Hundredth Regiment, United States."

The statement was made by officials of the War Department today that it has been found impracticable to retain the identity of the commands as state organizations and that it was definitely decided to give new designations to the state militia. The national guard regimental numbers are to begin with 101 and national army numbers with 201. By using these numbers the public will be able in a general way to identify the organization referred to. If press dispatches mention the One Hundred and Tenth Infantry, it will be understood that it is a national guard command, while if the Three Hundred and Tenth Infantry is mentioned it will be known that it is a selective draft organization. Regular army organizations will use numbers below 101.

With the exception of Pennsylvania and New York—which are the only two states whose troops at present comprise a complete division—the national guard divisions will be under command of regular army officers. This is the present plan of the department, and is likely to be carried into execution, although it is possible that a few exceptions may be made. But it is the general policy of the department to give the national guard a fair deal in every respect and not to displace any of its officers who are competent to hold their commands. Where one or more brigades go into the federal service, the brigadier generals commanding these brigades will be taken. Where the troops of two states are required to make up a brigade it is probable as a general rule that the commanding general will be appointed from the regular army.

### MORE TROUBLE IN RUSSIA

Three Cabinet Members Resign and Shots Were Fired in Two Petrograd Demonstrations.

Petrograd, July 18.—Two demonstrations against the government resulted in the firing of shots in the Nevsky Prospekt at midnight, as a result of which several persons were killed or wounded.

The firing apparently was the result of stray shots which brought on a panic in which the demonstrators turned rifles and machine guns on each other. Quiet was restored after a few minutes.

Three members of the cabinet have resigned and a special session of the council of ministers has been convened in an effort to avert a crisis. Those who resigned are:

A. I. Shingarov, minister of finance. Professor Manuloff, minister of education.

Prince Shakovsky, head of the department of public aid.

### UNCOVER A PLOT IN OREGON

Klamath Falls, Ore., July 18.—Evidence of wholesale poisoning of live stock and attempts at incendiarism of farm buildings in this district have been uncovered by J. H. Carnahan, assistant United States attorney, who is conducting an investigation here into the responsibility for a fire which had been engaged for the last two years in supplying horses and cattle to the Allies.

From the farm of J. Frank Adams a report was made that twenty-five horses and about two hundred cattle had died recently of poisoning and fifty head of cattle and forty sheep died in the same manner on two other ranches. No evidence has been found to connect any one with the poisoning, it was said. The owners of the farms last Sunday morning destroyed a large flour mill and a quantity of stored grain, it was announced today. Forty alleged members of the Industrial Workers of the World are under arrest.

Farm Wage Scale \$4 a Day. Minot, N. D., July 17.—A 10-hour day, pay at 40 cents an hour, time and a half for overtime and double time for Sunday work are the terms which may end I. W. W. strikes and disorders for farmers in the Northwest.

An American Steamer Sunk. Washington, July 17.—Sinking of the American steamer Grace and the killing of three men, one of them an American, and the injury of two members of the naval armed guard, was announced by the State Department.

## AIRMEN CAN QUALIFY IN K. C.

Local Physicians Will Give Tests There to Applicants for Enlistment in Aviation Service.

Kansas City, July 17.—This city has been chosen as the location of an examining unit for aviators to comprise the great air fleet the United States will send to Europe to blind the eyes of the German armies and win the world war. A permanent medical board will be established here and the work started at once of choosing a large quota of men from the Southwest to take up aviation training that will be necessary for the twenty thousand fliers the War Department expects to send to France and the other battle fronts.

The announcement of the designation of this city as one of the stations was made jointly yesterday by the Kansas City Aero Club and the Jackson County Medical Society. It followed receipt of advice that Maj. Isaac H. Jones of the medical department of the aviation section would be here Thursday to establish the medical examining board and to start its work. The designation means Kansas City and the Southwest will be called upon to furnish hundreds of men for the air service—as airplane drivers, observation balloonists and dirigible drivers.

Although full plans for the unit were not disclosed, it was thought a wide range of territory would be covered from here. Other units are being established at Denver, Omaha and St. Louis, but none other than Kansas City was mentioned for the Southwest. Local physicians will be the medical examiners. They will be taught how to give the physical examinations to determine whether or not the applicant has what is termed "aviation sense." The examinations have been standardized, after lengthy studies by medical officers of the regular army who had before them the knowledge gained by the armies of France, England, Italy, Russia and the other Entente countries.

### USING GERMAN GOLD IN U. S.

Prominent Statesman Declares Millions of Dollars are Being Spent in Propaganda Work.

Washington, July 17.—Evidence that millions in German gold still are being poured into propaganda work among Americans has been laid before the State Department by a statesman of international reputation. It was learned today. In an interview the statesman, whose name for obvious reasons cannot be mentioned, said:

"German bought papers are being published, unheeded, under the very nose of the American government every day."

"Hundreds of ministers are using their holy offices to turn Americans into German sympathizers."

"The condition is not local, but country-wide."

A dangerous situation is resulting from the machinations of these pro-German propagandists, he asserted. They are steeping us in an atmosphere of hatred.

The alleged pro-German operations of German churchmen in Nebraska, the statesman added, are only surface outcroppings of a honeycombed propaganda embracing more than one religious body, hundreds of individuals and many newspapers throughout the country.

### WILL BUILD NITRATE PLANTS

Secretary Baker Announces That Government is Ready to Spend \$4,000,000 at Once.

Washington, July 17.—Secretary Baker announced today that plans for the production of nitrate from atmospheric nitrogen would be constructed immediately at a cost of about 4 million dollars, and that water power would not be used. Sites have not been selected.

The plants will use a process which is a modification of processes previously known.

Discussion by localities desiring to be considered as possible sites is closed temporarily, the announcement says, while the site committee of cabinet officers is making further engineering studies.

### BIG VESSEL GOES ON ROCKS

Nine Hundred Passengers Were Safely Transferred From Kristianfjord at Cape Race.

St. John's, N. F., July 16.—The Norwegian-American line steamer Kristianfjord, a 10,000-ton vessel with passengers from New York for Norway, went on the rocks near Cape Race in the fog early today. The sea was moderate and all the passengers, numbering about 900, were transferred in the small boats to the shore without accident. The crew remained on board.

### Porto Rico Votes Dry.

San Juan, Porto Rico, July 18.—With sixty-two out of seventy-six municipalities completely reported, the returns of yesterday's election early today showed Porto Rico to have voted for prohibition by more than 2 to 1.

### "The Last Argument of Kings."

New York, July 18.—"The last argument of kings," is what the German crown prince calls submarines, according to a special cable printed by the New York Times from The Hague.

### Returns from Australia to M. U.

Columbia, Mo., July 12.—After a year of editorial work on the Melbourne, Australia, Herald, Prof. Charles G. Ross of the University of Missouri is now on his way back to Columbia to resume his journalism teaching. During his year on the island continent, Mr. Ross wrote several magazine articles and made many lectures on various phases of American newspaper work. Mr. Ross with his family sailed from Sydney the later part of June for Vancouver, via New Zealand, Fiji and Hawaii.

### August American Magazine.

An August magazine is usually devoted to fiction, but the articles in the August American Magazine are fully up to the standard set in the other months. Thomas E. Wilson, the Chicago packer, tells how he picks and handles men; Jack Laif writes about how he feels at thirty-five; B. C. Forbes contributes an article on the effect of war on business in England and the United States; Jane Cowl has something to say about the handicap of beauty in the theatre, and Grantland Rice sings of "Sunny Tennessee" in verse.

The fiction is at a high mark because it includes stories by such writers as William Dudley Pelley, H. C. Witwer, Ellis Parker Butler, Marjorie Benton Cooke, David Grayson. The interesting People, Family Money, and "Sid Says" are filled with useful and entertaining hints, and the results of the contest "What I Would Sacrifice for My Country" are also published.

### CALL "399."

When you call "399" you expect something different, and it is our aim not to disappoint you. Our skill and energy is directed to give perfect satisfaction with every item that goes out of our shop. If they were not we could not expect that our business would continue to grow, nor would you repeat your orders so consistently. We are receiving flattering comments on our bake shop products, and if you have not been a customer heretofore, let us convince you that we can give you perfect satisfaction with anything you might call on us for. The popularity of our cakes and bread continues, and we are highly pleased with the patronage we are receiving. Call "399" for anything you may need in bake shop products and become convinced.

A. C. MEIFERER.

Miss Alice Spencer went to Kansas City Monday for an extended stay.

J. O. Coffin went to Kansas City Monday to attend the Photographers convention.

Miss Jennie Mautino of Kansas City, spent Sunday here with relatives.

### NEW OVERDRAFT LAW.

The following act of the Legislature of Missouri was passed at the last session, signed by the Governor, and became law effective June 18th of this year. This law was passed at the instance of Credit Associations. Taken in connection with previous overdraft laws, decisions, and rulings of the Banking Department, this act puts banks in the unpleasant dilemma of paying overdraft checks at great peril to themselves or of refusing payment at great peril to their customers.

So the co-operation of our customers is earnestly requested in keeping clear of the overdraft practice.

Respectfully,

Commercial bank,  
Lexington Savings Bank,  
Morrison-Wentworth Bank,  
Traders Bank.

### HOUSE BILL NO. 726.

49th General Assembly.

### AN ACT

To prevent the drawing, delivering or uttering a check, draft or order, with intent to defraud, and defining the punishment therefor.

Be it enacted of the General Assembly of the State of Missouri as follows:

Section 1. Any person who, with intent to defraud, shall make or draw, or utter or deliver, any check, draft or order, for the payment of money, upon any bank or other depository, knowing at the time of such making, drawing, uttering or delivering, that the maker, or drawer, has not sufficient funds in, or credit with, such bank or other depository, for the payment of such check, draft, or order, in full, upon its presentation, shall be guilty of misdemeanor and punishable by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both fine and imprisonment.

Sec. 2. As against the maker or drawer thereof, the making, drawing, uttering or delivering of a check, draft or order, payment of which is refused by the drawee, shall be prima facie evidence of intent to defraud and of knowledge of insufficient funds in, or credit with, such bank or other depository, provided such maker or drawer shall not have paid the drawee thereof the amount due thereon, together with all costs and protest fees, within five days after receiving notice that such check, draft or order has not been paid by the drawee.

Sec. 3. The word "credit" as used herein, shall be construed to mean an arrangement or understanding with the bank or depository, for the payment of such check, draft or order.
